License No. MA71389

Administrative Action

CONSENT ORDER

TO PRACTICE MEDICINE AND SURGERY
IN THE STATE OF NEW JERSEY

This matter was opened to the New Jersey State Board of Medical Examiners (New Jersey Board) upon receipt of information that on or about July 20, 2005, the State of Tennessee, Board of Medical Examiners (Tennessee Board) notified Respondent through the Department of Health via a letter (Tennessee Letter), that a license was to be granted to James C. Mosure, M.D., Respondent, to practice medicine contingent upon the Tennessee Board's receipt of documentation underlying the Tennessee Medical Foundation's advocacy for him. That license was placed on probation for five (5) years with conditions,

based on substance abuse. On or about February 2, 2006, the North Carolina Medical Board (North Carolina Board) issued a Letter (North Carolina Letter) to Respondent stating that they received information that Respondent received a probationary license from the Tennessee Board based upon his history of substance abuse and encourages him to abide by his contract with the Physician Health Program. The North Carolina Letter further states that the North Carolina Board decided not to pursue formal action against Respondent at this time. Thereafter on or about March 7, 2006, the New York State Board for Professional Medical Conduct (New York Board) filed a Consent Order, wherein Respondent agreed to be placed on five (5) years probation in New York concurrent with the probation in Tennessee; Respondent must comply fully with the Tennessee probation; and Respondent is not to practice medicine in the State of New York or any other jurisdiction where that practice is predicated on his New York state medical license to practice until Respondent appears before the New York Board to show that he is no longer incapacitated and is fit to practice medicine. By letter of May 9, 2006, the Virginia Health Practitioner's Intervention Program (Virginia HPIP) advised the New Jersey Board that Respondent has been a voluntary participant with the program since September 23, 2004 and he has been fully compliant with his contract. The Virginia HPIP correspondence further states that Respondent's recovery appears to be strong and stable. (A copy of the Orders and available supporting materials are annexed hereto and made apart hereof).

The Board and Respondent seek to resolve this matter without resort to further proceedings, and the Board finding that the within Order is sufficiently protective of the public interest and for good cause shown.

IT IS ON THIS 15TH DAY OF JUNE, 2006, ORDERED THAT:

1. Respondent is placed on five (5) years probation to run concurrently with the probation

imposed by the July 20, 2005 Tennessee Letter. Respondent shall be granted credit toward the probationary period for the time he has served on probation in Tennessee. If Respondent receives an early termination of probation in Tennessee, Respondent shall receive an early termination of probation in New Jersey; and

2. Prior to Respondent at any time in the future engaging in the active practice of medicine in New Jersey, Respondent shall appear before a Committee of the Board to demonstrate he is fit to practice medicine including a determination as to the need for Respondent undergo monitoring for substance abuse in New Jersey.

That on or about June 6, 2000, I was licensed to practice as a physician in the State of New York, and issued License No. 217643 by the New York State Education Department.

My current address is 1013 Chumley Road, Virginia Beach, VA 23451, and I will advise the Director of the Office of Professional Medical Conduct of any change of my address thirty (30) days, thereof.

I understand that the New York State Board for Professional Medical Conduct has charged me with two (2) specifications of professional misconduct.

A copy of the Statement of Charges, marked as Exhibit "A", is attached to and part of this Consent Agreement.

I do not contest the two (2) specifications, in full satisfaction of the charges against me, and agree to the following penalty:

Five (5) years probation to run concurrent and coterminous with the probation imposed by the July 20, 2005, State of Tennessee, Department of Health, Letter, and any modifications thereof, in accordance with Exhibit B, attached, hereto.

Respondent shall comply fully with the probation imposed by the July 20, 2005, Letter, of the Tennessee Board and any extension or modification thereof.

Respondent shall provide a written authorization for the Tennessee Board to provide the Director of OPMC with any/all information or documentation as requested by OPMC to enable OPMC to determine whether Respondent is in compliance with the Tennessee Order.

Respondent shall submit semi-annually a signed Compliance Declaration to the Director of OPMC, which truthfully attests whether Respondent has been in compliance with the Tennessee Order during the declaration period specified.

Respondent shall not practice medicine in the State of New York or any other jurisdiction where that practice is predicated on his New York state medical license to practice until Respondent appears before the State Board for Professional Medical Conduct to show that he is no longer incapacitated and is fit to practice medicine. The Committee may impose whatever limitation(s), term(s) of probation, or further conditions it deems necessary.

I further agree that the Consent Order shall impose the following conditions:

That Respondent shall maintain active registration of Respondent's license with the New York State Education, Department Division of Professional Licensing Services (except during periods of actual suspension), and shall pay all registration fees. This condition shall take effect thirty (30) days after the Consent Order's effective date and will continue so long as Respondent remains licensed in New York State; and

That Respondent shall cooperate fully with the Office of Professional Medical Conduct (OPMC) in its administration and enforcement of this Order and in its investigations of all matters concerning Respondent. Respondent shall respond promptly and provide all documents and information within Respondent's control, as directed. This condition shall take effect upon the Board's issuance of the Consent Order and will continue so long as Respondent remains licensed in New York State.

I stipulate that my failure to comply with any conditions of this Order shall constitute misconduct as defined by New York State Education Law §6530(29).

I agree that if I am charged with professional misconduct in the future, this Consent Agreement and Order shall be admitted into evidence in that proceeding.

I ask the Board to adopt this Consent Agreement.

The undersigned agree to Respondent's attached Consent Agreement and to its proposed penalty, terms and conditions thereof.

Dear Dr Mosure.

As you are aware, the Board made a final decision on your licensure application. That decision was based on documentation compiled in the application process and your response to questions posed by the Board that indicated that you had a substance abuse problem. Consequently, the Board took the following action:

You will be granted a license contingent upon receipt in the Board's administrative office of the documentation underlying the Tennessee Medical Foundation's advocacy for you. When that license is granted it will be placed on probation for a period of five (5) years from the date of its issuance. During that probation you must maintain advocacy of the Tennessee Medical Foundation. To have that probation lifted you must petition for an Order of Compliance pursuant to Board rule 0880-2-.12(2). In addition, you must also maintain lifetime advocacy of the Tennessee Medical Foundation as a condition of your continued licensure even after the probation has been lifted.

You will be granted a license in Tennessee upon receipt in the Board's administrative office of the necessary documentation from the Tennessee Medical Foundation. This letter has the full force and effect as an Order issued by the Board for purposes of Tennessee Code Annotated, Section 63-6-214(b)(2).

If you agree with the action of the Board, you must sign and date this document in the spaces provided below and return it to me in such a manner that it is received at the office address listed below on or before the thirtieth (30th) after you received this notice. Upon receipt of this signed document and the documents mentioned earlier, your license to practice medicine will be issued.

I, the undersigned, accept the restrictions and/or conditions listed above that were placed on my license by the Board and agree to abide by them.
